

MRS. SMITH OF MURRAY, UTAH SAYS AKOZ RELIEVED RHEUMATISM

Took Mineral Remedy But a Short Time Before
Beneficial Results Were Shown.

"It was certainly a grand thing for me that I read and heeded the Akos medicinal mineral ads in the Salt Lake papers, for I am now about well from a long siege of rheumatism," says Mrs. E. F. Smith, Glen avenue, Murray, Utah, in a letter to the Natural company.

"During the five years I suffered from rheumatism I tried so many remedies that I naturally became skeptical of any new thing which claimed a cure for the ailment from which I had been so long a sufferer," continues Mrs. Smith. "However I gave Akos a trial and after five weeks of the treatment can truthfully say I am enthusiastic over the results. The pains that have continually shot up and down my limbs went first and then the swelling have entirely disappeared. I feel improved in every way. My system has been toned

up by the tonic afforded by the Akos mineralized water, and my general health is better than it has been for years. I cannot too strongly recommend the Akos treatment to those who are suffering as I did for so long a time. Those interested or suffering are invited to make any inquiries regarding this statement from me, and I will gladly answer them."

Akoz, the wonderful California medicinal mineral, has brought relief to hundreds of people in Utah suffering from rheumatism, stomach trouble, diabetes, Bright's disease, bladder complaint, catarrh, ulcers, piles, skin diseases and other ailments. You are invited to call, phone or write the Akos man at the McIntyre Drug store, Eccles building, Ogden, for further information regarding this advertisement.—Advertisement.

BERLIN HOPEFUL OF GREAT VICTORY

Berlin, Nov. 22 (by wireless to Sayville, L. I.)—Optimism prevails in Berlin regarding the situation in Russian Poland. All reports published here indicate that the fighting now in progress is going satisfactorily for Germany and Austria-Hungary.

According to the Austrian official report, the Germans and Austrians are pushing their attacks along the whole line. Two Russian battalions are announced to have surrendered northeast of Czenstochowa. The Austrians also are said to have resumed the offensive on the Cracow-Przemysl line.

Bad weather has hindered the operations in France and Belgium, but it is understood that the Germans steadily are preparing further to advance their lines.

The German medical authorities report the health of the troops in the west is excellent.

The Turkish general staff, in a communication made public officially here today, reports a victory of General Liman von Sanders, the German commander of the Turkish forces near Batum, Asiatic Russia, in which the Turks claim they inflicted heavy losses on the enemy.

Moslem Victory.
Unofficial news advices from Turkey say the Ottoman troops were victorious over the Russians and British. The Russians are said to have been further driven back in the Caucasus region, and are reported to have suffered heavy losses in the Van district, being driven beyond the Churuk river.

Included in the information given out by the German press bureau is the following:

"Holland reports that as the result of an official inquiry it was shown that every one of the hundred mines washed up on the Dutch coast were of British and not German origin."

"The correspondent of the Amsterdam 'Tijde' declares that the English newspaper correspondents at the front are absolutely dependent on those in power for their reports, which must be read therefore with reserve."

"Belgian fugitive officers interned in Holland declare that they got sick of sacrificing poor Belgian soldiers to British selfishness, so they persuaded the soldiers to desert, telling them that the Belgian king did not agree with the cruel sacrifice and that the king was a slave of the British and French. Owing to dissensions in the British cabinet and to differences between King Albert and General Pau, Belgium, the officers say, is tied hand and foot by the French and English."

"Emil Rathenow, manager of the General Electric company in Berlin, replying to the allegation of the Times in London that he expressed doubt in a German victory because imports of copper and oil were cut off, says he is convinced of the ultimate victory of the Germans, as the country has a sufficient quantity of oil and copper on hand."

Friendship Traditional.
"Stefan Frumuseanu, vice president of the Rumanian chamber of deputies, in a statement made at Budapest said that Austro-Rumanian friendship was traditional and that the neutrality of Rumania was safe."

"Special correspondents report that the Persian mountain tribes are making raids into Turkish territory and inflicting heavy losses on the Russian troops."

"The Politiken reports that the

QUALITY"
2463 Wash. Ave.

suburbs of Tangier, Morocco, are in the hands of Moslem rebels. French troops, the newspaper says, are being sent to Morocco.

"In view of the relentless Russianification of Finland, the newspapers of Stockholm are asking how this is compatible with Great Britain's declaration that the triple entente is fighting for the freedom of the smaller nations."

"Advices from Sofia, Bulgaria, say that the defeated Serbian army will try to make its last stand at Kragujevac, a Serbian town sixty miles directly south of Belgrade. The Serbian government recently implored the Greek government to help the Serbians."

Praises Austrian Army.
"Lieutenant General Count Helmuth von Moltke, chief of the general staff of the German army, in an interview today, praised the excellence of the Austrian army, and sharply condemned the lies which have appeared relative to the pretended dissension between Austrian and German troops."

"Dutch newspapers report that the Boer rebel forces are appearing everywhere in the Transvaal and the Orange River colony. Generals De Wet and Beyers, the rebel leaders, are reported to have joined hands, the combined forces now being 15,000 strong. A lasting dissatisfaction in South Africa, the newspapers say, is an established fact."

"The British authorities, after suppressing a riot at Port Said, at the entrance of the Suez canal, flogged the rebels."

"Reports from Copenhagen say that as a result of a consultation between Baron Sonnino, the Italian premier, and the Italian ambassadors, the Italian government has decided to maintain the strictest neutrality."

WAR PRISONERS IN A MUTINY

Douglas, Isle of Man, Nov. 22.—A tragic occurrence at the allies' detention camp here occurred Thursday. Nearly 4000 Austrian and German civilians were interned in the camp, which was guarded by 300 men. For some weeks the greatest quietude has prevailed, the prisoners belonging to various social grades, but the majority being waiters, sailors, stewards and mechanics.

Since the arrival of the latest batches of prisoners, dissatisfaction and insubordination began to make their appearance. Numerous complaints were made by sentries that they had been insulted by prisoners.

The first real disorder occurred on Wednesday last at dinner when a number of the men in a contemptuous and violent manner expressed discontent with the food supplied them. The authorities of the camp maintained that the rations were sufficient both in quality and quantity.

On Thursday afternoon a violent disturbance occurred, which resulted in the death of five prisoners and the wounding of others, who are now lying in a more or less serious condition at the hospital.

At the inquest evidence was given and identifications were made, after which the inquiry adjourned for a week.

From the evidence given it appears that after dinner violent scenes occurred, plates, knives and forks being thrown about and chairs smashed to bits.

A party of the prisoners made a determined dash from the dining hall toward the kitchens. The passages were barred by a few soldiers who first threatened the recalcitrants and then fired in the air.

This did not deter the more bitter minded, who stealthily approached the guards, whereupon the latter began shooting in earnest at the prisoners, most of whom held up their hands in token of submission, or sought to escape from the pavilion.

DARING ACTS OF
BRITISH AVIATORS

Friedrichshafen, Germany, Nov. 22, 11:05 a. m.—Elaborate precautions which the Germans have taken for an emergency were responsible for the failure of the raid of three English aviators who yesterday afternoon swooped down upon this city to drop bombs upon the Zeppelin balloon works. Anti-aeroplane cannon and machine guns adapted to high angle fire defeated the accomplishment of the daring exploit, and succeeded in bringing down one of the hostile machines and putting the others to flight.

The presence of the British airmen

above Constance at 2 o'clock immediately was announced to the authorities at Friedrichshafen by telephone. When the airmen appeared at Friedrichshafen the anti-balloon cannon and the machine guns immediately opened fire. The Englishmen circled above the balloon hall for some time and dropped six bombs, two of which came so near to the building as to cause a tremor of apprehension among those watching the novel combat. Two other bombs struck houses in the city, damaging them severely and killing a man and wounding a woman.

One of the flyers then made a fearless attempt to cross the hall at a height of only a quarter of a mile. Bullets from the guns mounted on the tops of buildings, however, pierced the aeroplane's gasoline tank, causing the fuel to escape and forcing the pilot to attempt to glide to earth. During the descent of the machine, the airmen, a lieutenant of the British royal naval air service named Briggs, threw two or three more bombs at the hangar, but they missed their mark and did no damage.

The lieutenant on reaching the ground defended himself with revolver but was captured after receiving a slight wound in the head. The point where the aeroplane landed was only 300 feet from the Zeppelin hall. The other aviators rose to a great height and disappeared across Lake Constance.

The wounded man is being treated at a local hospital.

London, Nov. 23, 3:05 a. m.—Dispatches from correspondents of several London papers state that a Zeppelin dirigible balloon shed at Friedrichshafen was damaged during the attack made by three British aviators Saturday, but that the airship was uninjured. The Rotterdam correspondent of the Daily Mail asserts that four bombs were dropped in the town near the shed, killing five men besides damaging houses.

According to the Basel correspondent of the Daily Chronicle, bombs thrown from one of the aeroplanes struck a balloon shed and went through the glass roof, damaging a dirigible within. The correspondent adds that it is impossible to ascertain the extent of the damage done to the balloon.

TURKISH CRUISER
BOMBARDS TUAPSE
Petrograd, Nov. 22.—The following communication from the general staff of the Russian army in the Caucasus was issued today:

"November 20 the Turkish cruiser Hamidieh, followed by a flotilla of torpedo boats, appeared off Tuapse, hurling 125 projectiles into the neighborhood. The Russian artillery immediately replied effectively. Our losses consisted of three soldiers and a sister of charity wounded; one civilian killed and ten other civilians injured. The material damage was insignificant."

"Toward Erzerum one of our columns has made important progress above Juvzeran. Our advance posts continue to tread on the heels of the Turks. Other detachments are inactive."

REBELS IN SOUTH
AFRICA DEFEATED
London, Nov. 22, 12:50 a. m.—A dispatch to Reuters' Telegram company from Pretoria says:

"It is officially announced that General de Wet's rapidly dwindling rebel command became surrounded by loyal forces in the vicinity of Bosshof, on the Vaal river. General de Wet succeeded in escaping with only twenty-five men. The remainder of his force surrendered."

SAW LINCOLN KILLED.
Charlotte, Mich., Nov. 22.—A. D. Baughman, a resident of Charlotte since 1886, an eye witness to the assassination of President Lincoln at the Ford theatre and standing within a few feet of President McKinley when he was stricken down by an assassin's bullet, died here today.

London, Nov. 22, 9:10 p. m.—The veil of secrecy has been drawn over the battles between Russians and the Austro-German forces. The headquarters of both armies are now confining themselves to the briefest statements concerning the hostilities, saying merely that fighting is in progress.

News coming from unofficial sources, however, shows that the German advance has penetrated farther into Poland than had been disclosed previously, and that Warsaw is threatened for a second time. General Von

ADVISES BOYCOTT OF THE BRITISH

San Francisco, Nov. 22.—A boycott throughout the United States of goods manufactured by the allies, was proposed by German Consul Baron E. H. Von Schack in an address delivered before a large audience in the hall of the German House today. The consul said:

"You know that the allies, always envious of Germany's commercial prosperity, have utilized the present occasion to slander and calumniate German industry. With cold-blooded contempt of all commercial treaties they are suppressing the German commercial houses within their own countries and now they are annulling or plainly stealing German and Austrian patents of inventions."

"Here in the United States are 12,000,000 Germans or Americans of German parents. Placing the purchasing capacity of each of these at only \$150 per annum, the yearly capacity of purchase of the Germanic part of America is \$18,000,000,000."

"You should buy articles of German or American origin if you cannot obtain American-made wares. Before buying ask where the article has been made. Be loyal to America and be loyal to your old fatherland."

SUBSCRIBERS ATTENTION

In the fall of 1912 The Standard is sued contracts under which subscribers were entitled to buy dishes and other premiums. Under these contracts subscribers were supposed to select their premiums within six months from date of contract. Some of our subscribers have failed to exercise their rights under these contracts within the time required and about once a month a subscriber brings in one of the old contracts.

The Standard is closing out its premiums and parties holding any of the contracts calling for premiums must present them before January 1, 1915, as the contracts are no longer good. Dated November 15, 1914.

GERMANS ADVANCE
AGAIN ON WARSAW
Petrograd, Nov. 22.—The following official report from general headquarters was issued tonight:

"The fighting between the Vistula and the Warthe continues with great persistence. We have obtained some partial successes."

"The fights on the front of Czenstochowa-Cracow have resulted in no essential changes. We have taken 200 prisoners and some machine guns."

"In Galicia the Austrians have evacuated Novy-Sandez under the pressure of our troops."

London, Nov. 22, 9:10 p. m.—The veil of secrecy has been drawn over the battles between Russians and the Austro-German forces. The headquarters of both armies are now confining themselves to the briefest statements concerning the hostilities, saying merely that fighting is in progress.

News coming from unofficial sources, however, shows that the German advance has penetrated farther into Poland than had been disclosed previously, and that Warsaw is threatened for a second time. General Von

Hindenberg's army has advanced as far as the Lowicz-Skierniewice line, which means that the Germans have covered two-thirds of the ground to the Polish capital, from which they are now only forty miles distant. Farther south in Poland, however, the Teuton allies are said to have been repulsed between Radom and Kielce. Advance in Galicia.

The battle in East Prussia seems to have died down, but the Russians continue to advance in Galicia and are still fighting on the Czenstochowa-Cracow front.

The battle in Poland in the direction of Lowicz is the most critical. The Germans express confidence in General Von Hindenberg, but here in Petrograd military observers express the opinion that Russia's overwhelming superiority in numbers of men again must tell.

The Serbians are making a stand against the Austrians in well chosen fortified positions on the Kolubara river, but as the Austrians command superior forces and Serbia is without allies near enough to offer her assistance, it seems apparent that unless other Balkan states come into the war, Serbia is faced with defeat.

SERVIANS RESIST
AUSTRIAN FORCES
Vienna, Austria, Nov. 22, via Amsterdam and London, 6 p. m.—An official announcement issued by the Austrian general staff today says:

"In the southern war theatre, powerful Austrian forces have crossed the Kolubara river, but the Serbians are resisting in several well chosen fortified positions."

Our patrols in the last two days captured 2440 prisoners. The number of Serbians captured since November totals 13,000.

LITTLE FIGHTING
ALONG THE FRONT
Paris, Nov. 22, 2:40 p. m.—The following official communication was given out in Paris this afternoon:

"The day of the 21st was calm upon the whole front. In Belgium, as in the region from Arras to the Oise, there were only intermittent cannonades. Our artillery evidenced in general more activity than that of the enemy. Our batteries succeeded in demolishing many lines of German trenches. The enemy worked elsewhere to construct new ones in the rear."

"The day was equally calm upon the Aisne, in the Champagne district, as well as in the Argonne, upon the heights of the Meuse and in the Vosges."

LESTER THOMAS IS
OVERCOME BY GAS
Baltimore, Md., Nov. 22.—Lester Thomas, who is said to be from Salt Lake City, was found lying in his room at the Hotel Capitol today in a semi-unconscious condition, while gas was escaping from a jet in the sleeping chamber. He was immediately rushed to the University hospital, where he is very ill. According to the porter the man had fallen to the floor while ill, and in doing so he fell against the gas jet, breaking it off and thus allowing the gas to escape.

MINERS WILL APPEAL
TO SUPREME COURT
Boulder, Mont., Nov. 22.—Appeal to the state supreme court will be taken for "Muckle" McDonald and Joseph Bradley, convicted last night of deporting three members of the Western Federation of Miners from Butte.

Their attorneys made this announcement tonight after conferring with the men, who are in jail, and going over the record.

Joe Shannon, the third man tried, was acquitted and left for Butte on the first train which departed following his release from custody.

Freedom for Bradley will be sought on the ground that the evidence introduced was inadequate and improper. A new trial on alleged reversible errors will be sought for McDonald.

Both contentions will rest mainly on the fact that only one man, Pat Towey, was named in the information against the men as having been deported, and Towey did not appear at the trial. He is thought to be in Canada. Conviction was on testimony of two other men, who swore they had been deported with Towey.

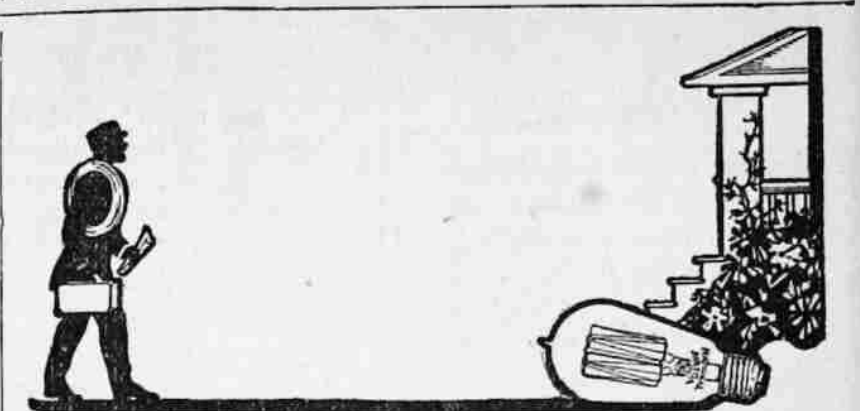

The men were deported for not joining a new union of which McDonald was president.

SOLDIERS ENJOY
REST IN FLANDERS
London, Nov. 22, 9:10 p. m.—In Flanders and in France, the armies seem to be enjoying a long deserved rest, for Belgians are facing each other in an occasional bombardment with heavy guns. Infantry attacks have temporarily ceased and the men are getting a chance to rest and to tidy themselves up after a month in the water-soaked trenches.

An eye witness with the British headquarters, in a long statement made public today, gives official confirmation of the reported heavy losses the Germans have suffered in their attacks on Ypres. He speaks of decimated battalions, of hundreds of dead left before the trenches and of batches of bodies found in farm houses. The casualty lists of British officers show that the British troops also have suffered severely in the fighting.

The recruiting campaign which is being carried on throughout the British isles resulted today in bringing many men to the colors. Troops with banners flying and bands playing marched today through the east end of London to Victoria park, where speakers addressed the crowds from early morning until late this evening.

THREE MEN INJURED.
Montpellier, Ida., Nov. 21.—Last night while returning home from Afton, Wyo., in an automobile, D'Orr, Russell Groo and William Ridd encountered some object in the road which caused the car to turn turtle. The accident occurred about twenty miles east of Montpellier on the narrow canyon road while the car was going at a rapid speed. Groo, who was driving the car, was knocked unconscious and pinned under the machine. Ridd, although not unconscious, was pinned under the machine so that Poynter, who was thrown out

We Wire Houses.
ELECTRIC SERVICE CO.
Phone 88. 425 24th St.

away from the machine, could not lift the car from his body. He was able to lift the car from Groo's body, but as Groo was unconscious it was impossible to get him out.

The men had passed Fred Noffsinger, who was also coming down the canyon, a few miles up the road, and Poynter went back to find him. The two immediately made for telephone construction camp No. 1 and summoned aid from Montpellier.

Mose Lewis left Montpellier and soon reached the disabled car and helped Poynter and Noffsinger get the injured men in his car. It was about two hours before Groo regained consciousness and today he is confined to his home.

If the accident had occurred 100 yards in either direction from which it did the car would have fallen 300 feet down the sides of the canyon road.

TURKISH TROOPS ON SUEZ CANAL

London, Nov. 23, 2:25 a. m.—Reuters' Constantinople correspondent, in a dispatch sent by way of Berlin, gives the following official Turkish statement:

"The Turkish troops have reached the Suez canal. In fighting near El Kantara the English suffered heavy losses and took flight."

El Kantara is a port on the right bank of the canal about twenty-five miles south of Port Said.

Better Than Calomel Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth?

Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "perk up" the spirits. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.—Advertisement.

BERLIN EXPECTS VICTORY
OVER THE RUSSIANS
Berlin, via Rome, Nov. 22.—Apparently no decision has been reached in the great eastern battle which is being fought in the territory between the Wartha and the Vistula rivers, although Berlin is filled with rumors of a great victory. No authentic private information is available, but the official reports continue to register a succession of tactical successes which may form the basis for a decisive victory.

General Von Hindenberg and Archduke Charles Francis of Austria seem to have accepted battle along a line highly favorable strategically to passing home a central attack against the enemy. The road in the Russians' rear are in a wretched state. The Germans having accomplished a thorough job of destruction on their retirement. The Russians are jammed together on three sides and are hampered greatly in bringing up supplies.

The military critic of Vossische Zeitung considers the Austro-German situation as extraordinarily favorable and declares the ground for hope that the Russians may retreat entirely from a line of retreat. He says that the success which the Germans claim near Czenstochowa is particularly encouraging as it relieves the situation on the Silesian frontier.

The Austrian reports say that the Carpathian passes are being held strongly against the Russian advance.

GERMAN COLUMN IS
SIX ARMY CORPS
Petrograd, Nov. 22.—The German column between the Wartha and Vistula rivers, according to today's official reports from Russian Poland, comprises six army corps and presents a front fifty-five miles in extent. The two rivers prevent flanking by either side, hence the fighting which the losses of both sides are heavy, but neither side so far has been able to gain a marked advantage.

The Germans, military observers contend, cannot advance further in this region, since the Russian concentration, which was delayed by bad roads and by lack of railroads, now is complete.

Dispatches received in Petrograd from Tiflis, Transcaucasia, explain the halt in the Russian advance toward Kopyrkoj was due to the discovery that an entire Turkish army was massed at Erzerum. The Russians are contenting themselves, it is said, with holding their positions while awaiting reinforcements.

BOX ELDER COUNTY NEWS

Brigham City, Nov. 22.—Frank W. Fishburn was unanimously nominated last night for the position of member of the board of education from precinct No. 5 of the Boxelder school district, which includes Brigham. The attendance was large at the non-partisan mass convention held in the high school. B. C. Call was in the race for nomination, and for a time the contest appeared close, but Fishburn soon swung in the lead and received 181 votes to 77 for Call. Mr. Call immediately swung his votes over to the support of Mr. Fishburn, thereby making his nomination unanimous. Mr. Fishburn will have no opposition at the polls in the election to be held December 2, and will therefore succeed himself in the board of education.

FEDERATION TO MEET.
New York, Nov. 22.—Vincent Astor, John Hays Hammond, Judge Albert B. Parker, August Belmont, Miss Maude Wetmore, William R. Wilcox and Seth Low are on the program for the first days of the fifteenth annual meeting of the National Civic federation.

It begins at the Hotel Astor December 4. Mr. Astor will report on the nation-wide inquiry into the effectiveness of the pure food and drug laws.

UNDEFEATED MINERS
IN CLOSING GAME
Denver, Colo., Nov. 21.—Football interest in the Rocky Mountain states centered today in the game here between the Colorado School of Mines and the Colorado Agricultural college. The Miners, without a defeat marked up against them this season, are favorites. The field was hard, but the weather was too warm to furnish ideal conditions for snappy football.

The other game in the Rocky Mountain conference was between Wyoming university and the University of Denver at Laramie.

BRINGS IN CREWS
OF ENEMY'S SHIPS
Buenos Aires, Nov. 22.—The German steamer Sierra Cordoba arrived here today and debarked the passengers and crew of the British steamer La Correntina and the crew of the French ship Union.

The Sierra Cordoba left Montevideo October 17 for an unknown destination. The last report of La Correntina was that she was overdue at Liverpool on a voyage from Buenos Aires. The Union left Port Talbot, Wales, September 5, for Valparaiso.

MURDERER ARRESTED
St. Louis, Nov. 22.—A man said to be T. C. McKillany, alias T. Orres Cato, wanted in Vancouver, B. C., for the murder of Detective Lewis of that city last August, was arrested here today. The police state the prisoner confessed he killed Lewis.

Missouri, in two years, has received \$259,000 from its corporation tax.

London's largest electric sign, recently erected, contains about 1000 incandescent lamps.
